Education

University of Kentucky – Lexington, Kentucky

August 2010 to May 2014

Bachelor of Science, Business Administration (Marketing)

- Average GPA: 3.3
- Recognized for outstanding performance (Dean's List Fall 2010 and Spring 2011).

Experience

Workout Anytime – Lexington, Kentucky

June 2018 – Nov 2018

About Company: A 24/7 access gym that has a variety of workout equipment for different exercises. Premium members get the privilege to tan & relax using the tanning beds & hydro massage in the facility as well.

My role: All front desk duties/responsibilities, selling new gym memberships, & maintaining the facility.

Texas Roadhouse – Lexington, Kentucky

August 2016 to August 2017

About Company: An American chain restaurant that specializes in steaks & promotes a Western theme.

My Role: Service all guests with the best possible dining experience by meeting all their wants & needs.

LexMade/Mitno Technology – Lexington, Kentucky

January 2016 to May 2016

About Company: A local website design & development company that offers top-notch quality services for relatively inexpensive prices.

My Role: Help with marketing the company & the services it offers. Moreover, assist the owner in finding potential clients that may be interested in having their websites created or improved.

Triflection Entertainment – Lexington, Kentucky

February 2015 to August 2015

About Company: All-in-one media company that involves event planning, marketing, promotions, sales, artist management, & everything entertainment industry-related.

My Role: Assist the owners of the company in all departments & complete all assigned tasks by interning with them.

Cinemark Theatres – Lexington, Kentucky

April 2012 to July 2014

About Company: Movie theatre that combines the best of two worlds into one. Offers both the traditional movie-going experience & the everyday restaurant outing into one location.

My Role: Sold tickets, assisted bartenders, bar/kitchen expeditor, qualified out-going food, prepared drinks, ran food/drinks, assisted servers, (pre-)bussed tables, cleaned (theaters), trained new employees (as a certified trainer), & many other miscellaneous tasks that not only made the customer experience better, but also helped the business grow & become better in all possible aspects.

Bluegrass Technology Center – Lexington, Kentucky

August 2010 to December 2010

About Company: Non-profit organization that creates new technologies that allow disabled children to play & learn just like every other child. Welcomes assistance by anyone willing to offer their time as a volunteer.

My Role: Created digital versions of children's books to assist kids with physical/mental disabilities. Position included recording, scanning, & putting books together to make reading easier for children. Made learning (something taken for granted by many), a right for everyone, not just the privileged.
